

Roofing and Sheet Metal RD Herbert & Sons

Portfolio :: Custom Stainless Steel

Facings: Elevators & Exteriors – Nashville, TN

ADDRESS:

Avenue Bank Teller Machine
2930 West End Avenue
Nashville, TN 37203

PROJECT INFORMATION:

Our company fabricated and installed this weatherproof outdoor ATM surround using 14 ga stainless steel.

ADDRESS:

Embassy Suites Hotel
1200 Conference Center Blvd
Murfreesboro, TN 37129

PROJECT INFORMATION:

Our sheet metal craftsmen fabricated and installed the sill, jamb, and door facing for these elevators. Made from 22 ga. stainless steel the elevator surrounds are functional and elegant.

DETAIL:

Additionally, RD Herbert offers our services for buffing out scratches in metal. Elevators and other metal surfaces exposed to the public can become heavily scratched in high traffic areas. Buffing extends the life of the metal material and restores the look of "new".

ADDRESS:

Black Jack Cove
2001 Lakeshore Drive
Old Hickory, TN 37138

PROJECT INFORMATION:

The two pictures to the left show the before and after of a restaurant passage door. The original aluminum flat door received an updated copper paneled facade. 16 oz copper sheets were cut to 10" wide and the seams covered with 2" wide battens pop riveted to the substrate. Two doors were covered in this manner. No lacquered finish applied so the copper will patina over time.
