

Roofing and Sheet Metal RD Herbert & Sons

Portfolio :: Custom Stainless Steel

First Baptist Church Portland Kitchen – Portland, TN

ADDRESS:

106 North Broadway,
Portland, TN 37148

PROJECT INFORMATION:

Planning, supplying, and installing this large commercial kitchen showcased our company's many talents. We fabricated six new work tables on wheels each with a storage shelf.

DETAIL:

The walls of this kitchen were paneled in #3 22 gauge stainless steel. Some of the purchased sinks were modified to complement the existing space. Below the roll up window are four new 14 gauge welded stainless steel cabinets with a stainless steel countertop. RD Herbert furnished all the appliances including a six burner stove, single stack convection oven, gas fryer, and a full size refrigerator and freezer.
