Ludowici Colonial Flat Rustic
tile roof & Copper 16-oz
standing seam/flat lock roofs

ROOF AREA PROFILE:

11,000 square feet tile
700 square feet copper
New Construction

PROJECT INFORMATION:

At the request of the homeowner, RD Herbert & Sons crafted a Ludowici tile roof with special attention to the two rounded turrets at the back of the home. In the interest of reducing cost, our workers shaped standard field tiles into the necessary contour for the turrets. Small sections of the roof are covered with 16-oz copper standing seam or flat lock roofs.

DETAIL:

All the accompanying flashings are 16-oz copper, including the chimney and wall flashings. 1000 linear foot of copper 6" half-round gutter and 1000 linear feet of 4" round copper downspouts divert the rain water away from the house.
